Orange Educational Program – online edition April 8-9, 2020

The "Gheorghe Asachi" Technical University of Iași, in partnership with ORANGE Romania, provides a learning program for students on **Cyber Security** topics.

PROGRAM

Due to current restrictions related to social distancing this year's edition will take place online and will have two sessions:

	Date	Time slot	Module	Lecturer
Day 1	April 8	10:00-12:00	Introduction to Cyber Applicable to the Cloud	Ioan Constantin
Day 2	April 9	10:00-12:00	The Anatomy of a Cyber Attack	Ioan Constantin

REGISTRATION

To participate, you need to register online: https://forms.gle/ujZEpDfPLTqEbSTaA
You will receive the details of joining the webinar one hour before the session.

For more than 20 years, Orange Romania involves in the community through its social responsibility programs. One of the main actions is to offer Support for Education.

Orange Educational Programs have digital education and digital inclusion as objectives, bringing people closer to the latest technologies and showing them how to take advantage of these technologies in safe and responsible ways.
